JACKSONVILLE RANCH CLUB 1 HOMEOWNERS ASSOCIATION
RULES AND REGULATIONS

ENFORCEMENT OF RULES AND REGULATIONS: The Association may levy reasonable fines and impose other remedies for failure of its Members and Members' tenants and guests to comply with the Association's rules and regulations.

The standard fine can be up to \$100.00 for a single infraction and up to \$1,000.00 for continuing violations of the rules and regulations. Failure of a Member, or of the Member's tenants, guests, occupants, licensees or invitees, to comply with these rules and regulations is grounds for action by the Association to levy fines, suspend use rights, take corrective action, recover sums for damages, seek injunctive relief and/or any other remedy afforded by Florida law, as amended from time to time.

Pursuant to Article V, Section 6, of the Community Declaration of Restrictions for Homesites at Jacksonville Ranch Club: "In the event any Member shall fail or refuse to maintain or repair such Member's Homesite, Dwelling or other improvements situated on said Homesite in full compliance with the provisions of this Declaration, the Association shall have the right to take remedial action to correct any such deficiencies. Such right shall include the right of reasonable access to the premises, and any such entry by the Association or its duly authorized agents shall not be deemed to be a trespass. The expense of any such repairs or maintenance effected by the Association shall be chargeable to and paid by said Member to the Association within thirty (30) days after submission of a bill therefore and such bill shall include a gross-up of fifteen percent (15%) for administrative overhead. If any such bill is not paid when due, a late charge of ten percent (10%) shall be added to the bill and interest shall accrue thereon from the due date until paid at the rate of eighteen percent (18%) per annum."

These Rules and Regulations are designed to ensure, insofar as possible, the protection of the rights, privileges, privacy, safety, comfort, convenience, well-being and property values of the individual Members and the Association as a whole. They are designed to supplement and provide further specification on the covenants already contained within the Declaration, including but not limited to, the use restrictions on the Homesites and the Members' maintenance, repair and/or replacement obligations for the Homesites and Dwellings. These Rules and Regulations are consistent with the Declaration's covenants. The terms used in these Rules and Regulations have the same meaning as are used within the Declaration, Bylaws and Articles of Incorporation for Jacksonville Ranch Club Owners Association, Inc.

The Board of Directors has the responsibility to ensure enforcement of any of these Rules and Regulations. However, failure by the Board to enforce any rule or regulation will not constitute a waiver of the right to do so at any other or future time.

ARTICLE I: ALTERATIONS TO HOMESITES AND DWELLINGS

1. Any Member who desires to make any alterations to the existing condition and appearance of his/her Homesite and/or Dwelling and/or exterior structures, including all construction, changes (including paint color changes), alterations, additions, reconstruction, or improvements of any nature whatsoever, is required to first notify, apply for and obtain the prior written approval of the Board of Directors and/or the Architectural Review Committee ("ARC") in advance of commencing any such work. The members of the Board of Directors have the right to also sit as members of the ARC. The Board of Directors requires that an ARC form be completed by the Member and submitted to the Association for ARC review and that the following requirements also be met:
 - a. Copies of all plans and specifications related to the request must be submitted to the Association in advance of any work being performed. Please see the Amended Standards and Criteria for New Construction for required submissions by the Members and for the ARC review process and procedures.
 - b. The ARC and/or Board of Directors must approve in writing any construction work applied for by Members prior to work commencing.
2. No part of any Homesite and/or Dwelling that has been designated as a garage shall be utilized as a bedroom, den, family room, living room or any other living quarter. No carports shall be permitted.

ARTICLE II: MAINTENANCE OF THE HOMESITES AND DWELLINGS

1. If a Member fails, in the Board's sole discretion, to maintain their Homesite or Dwelling as required by the Governing Documents, the Board, after giving such Member at least ten (10) days written notice, is hereby authorized, but not obligated, to maintain that Homesite and Dwelling and said Member shall reimburse Association for actual costs incurred and all additional costs as provided for in Article V, Section 6, of the Community Declaration of Restrictions for Homesites at Jacksonville Ranch Club. The ten (10) day written notice by the Association is not required for "forced cutting" on the Homesites and Dwellings as further described in Article II, Section 6, of these Rules below due to a Member's failure to maintain his/her landscaping pursuant to the First Amendment to Community Declaration of Restrictions for Homesites at Jacksonville Ranch Club.
2. Each Member shall maintain his/her Dwelling and Homesite in a good state of preservation, respectability, cleanliness and appearance at all times so that his/her Dwelling and Homesite will not be damaged or appearance diminished by his/her neglect. Each Member, at his/her expense, shall maintain in a good order and repair and keep in an attractive condition all portions of his/her Homesite and the Dwelling located thereon, including without limitation the roof, gutters, downspouts, exterior building surfaces, all portions of privacy fences within the Homesite, all glass surfaces and screening, doors, electric and plumbing equipment, air conditioner and heating units, driveways, walkways,

sidewalks, screened patio and pool enclosures, landscaping, and any other equipment, structures, improvements, additions, or attachments located on the Homesite. Members shall maintain their Homesites and Dwelling in accordance with the Declaration.

3. Any missing and/or discolored shingles on the roof of a Dwelling shall be immediately addressed by the Member and owner of the Dwelling and Homesite, and is evidence that immediate repairs, which may include up to a complete and total roof replacement, are needed and shall be made by the Member.
4. Any discoloring, stains, fading, or similar deterioration to the paint of items on the exterior of the Dwelling or on the Homesite, including but not limited to, gutters, downspouts, exterior building surfaces, all portions of privacy fences within the Homesite, doors, garage doors, mailboxes, and other exterior Dwelling surfaces, shall be immediately addressed by the Member and owner of the Dwelling and Homesite by repainting said deteriorated item the same existing color. (Any repainting that is a deviation from the Dwelling and/or structure's existing color must first be approved in writing by the ARC and/or Board of Directors before the repainting of a different color can commence).
5. Any stains, dirt, mold, mildew, discoloring or similar unsightly marks on the driveways, sidewalks, walkways, porches and exterior surfaces of the Dwelling and/or Homesite shall be immediately addressed by the Member and owner of the Dwelling and Homesite by pressure washing or otherwise removing said unsightly marks through other methods.
6. All Members shall comply with the First Amendment to Community Declaration of Restrictions for Homesites at Jacksonville Ranch Club recorded on January 9, 2008 at Book 14340, Page 211, of the Duval County Official Records, and "shall cut and/or hay unimproved portions of the Homesite at least four (4) times a year on or before March 15, June 1, August 1 and October 31st of every year." For any Homesite and Dwelling where there is no cutting of the lawn or hay placed on the unimproved portions of the lot by each of these four separate dates, the Association will have the Homesite and Dwelling mowed (referred to as a "forced cut") after each respective date in which a Homesite and Dwelling is not maintained accordingly, and each respective Member owning such Homesite and Dwelling will be charged the expense of that forced cut pursuant to Article V, Section 6, of the Declaration. For example, if there is no cut or hay on the unimproved portion of a Homesite and Dwelling by March 15th, then the Association will perform a forced cut on that Homesite and Dwelling and will charge the expense to the owner. If there is no subsequent cut or hay on the unimproved portion of that same Homesite and Dwelling by June 1st, the Association will perform another forced cut on that Homesite and Dwelling and will charge the new expense to the owner. The same process will occur after August 1st and October 31st if there is no additional cut or hay on the unimproved portion of that same Homesite and Dwelling by those respective dates with those additional expenses being charged to that owner. This rule and procedure applies to all Homesites and Dwellings within the Association. There will be no ten (10) day notices as described in Article II, Section 1, of these Rules for this forced cut regulation. All owners are on notice of this forced cut regulation pursuant to the Declaration and these Rules and Regulations.

ARTICLE III: HOMESITE AND DWELLING EXTERIOR
